

Faculty of Tropical Agri Sciences  
plenary start of Lapwing and Curlew workshops  
(chair Kubelka Vojtěch)

09:00–09:45 **Smart** Jennifer et al. – A question of scale – from nature reserves to landscape-scale conservation

09:45–10:15 **Leyrer** Jutta – Multi-Species Action Plan for Breeding waders of wet grasslands in Europe

10:15–10:30 Break

Faculty of Environmental Sciences

since 10:30 continuing of Lapwing and Curlew workshops from here independently and paralelly, Solar Geolocation starts already at 9:00; for better readability they are here given in this sequence: Northern Lapwing, Eurasian Curlew and Solar geolocation

Friday 15 September 2017

## Northern Lapwing Workshop, Friday

- 10:30–11:50 Room ZI  
New aspects of Lapwing ecology (chair Kubelka Vojtěch)
- 10:35–10:35 Introduction from convenors
- 10:35–10:50 **Sohler** Jan – Status of Northern Lapwings in Europe: Distribution, numbers and trends
- 10:50–11:05 **Cimiotti** Dominic et al. – Population biology of Northern Lapwings
- 11:05–11:20 **Kubelka** Vojtěch et al. – Spatial and temporal patterns of nest predation in Northern Lapwing populations
- 11:20–11:35 **Hötker** Hermann et al. – Habitat selection in Northern Lapwings
- 11:35–11:50 **Brulez** Kaat et al. – Diet Composition of Northern Lapwing (*Vanellus vanellus*) chicks reared on arable and pastoral farmland
- 11:50–12:10 Coffee break
- 12:10–13:15 Room ZI  
From science to conservation (chair Cimiotti Dominic)
- 12:10–12:15 Introduction from convenors
- 12:15–12:30 **Teunissen** Wolf et al. – Chick survival of Northern Lapwings
- 12:30–12:45 **Thorup** Ole – Long-term trends in Northern Lapwings breeding in a nature reserve in Denmark with 90 years of counts and meadowbird friendly management
- 12:45–13:00 **Hötker** Hermann – Protection of Northern Lapwings within meadow-bird reserves
- 13:00–13:15 **Zámečník** Václav et al. – Measures to protect the Northern Lapwing in the Czech Republic
- 13:15–14:15 Lunch

Friday 15 September 2017

14:15–15:35	Room ZI Conservation on farmland (chair Hötker Hermann)
14:15–14:20	Introduction from convenors
14:20–14:35	<b>Hönisch</b> Bettina et al. – Long-term clutch protection of Northern Lapwing on farmland in Lower Saxony, Germany
14:35–14:50	<b>Grayshon</b> Lizzie et al. – Reversing the decline of breeding lapwing in the Avon Valley; where reducing predator impact is constrained by the landscape and multiple land ownership
14:50–15:05	<b>Reinhard</b> Aline – Protection of Northern Lapwings in an intensively used agricultural landscape in North Rhine-Westphalia, Germany
15:05–15:20	<b>Cimiotti</b> Dominic et al. – Lapwing plots and other measures on arable land in Germany
15:20–15:35	<b>Merricks</b> Philip – Northern Lapwing chick productivity research programme at Elmley National Nature Reserve, UK, 2010–2017
15:35–15:50	Break
15:50–16:25	Room ZI Farmers’ view on lapwing measures (chair Sheldon Rob)
15:50–15:55	Introduction from convenors
15:55–16:10	<b>Böhner</b> Hannah et al. – Integration of protection measures for Northern Lapwings ( <i>Vanellus vanellus</i> ) in agricultural business - motivation, acceptance and experiences of German farmers
16:10–16:25	<b>Evers</b> Anne et al. – “Joint protection of meadow birds” – a cooperative approach of farmers and conservationists in Schleswig-Holstein, Germany
16:25–16:45	Coffee break

Friday 15 September 2017

16:45–18:00	Room ZI Round up and general discussion (chair Hötker Hermann)
16:45–17:00	<b>Hötker Hermann</b> – Round up of the Lapwing workshop
17:00–18:00	<b>General discussion</b> (Reserve management and protection of Lapwings; Protection of Lapwings on farmland; Predation management – effectiveness, costs, ethical aspects; Hunting of Lapwings; “Handbook of Lapwing Conservation”)
18:00	<b>Closure of the workshop</b> – during/after dinner – preparation of a “Handbook of Lapwing Conservation” (conveners and interested participants)
